

# REPURPOSE REUSE RECYCLE

## From Pan Rack to Display Rack.

Originally designed as a Mobile Pot Rack, this product has found a new life as a Mobile Display Rack. Simply hang baskets instead of pots and utensils with the sixteen double hooks provided for an easy display. Easily maneuvered, this unit is equipped with four heavy duty, platform type casters. Non-marking wheels prevent scuff marks and roll smoothly...even on tile floors.

## #95640

**MATERIAL:** Constructed of 6063-T5 primary extruded aluminum alloy. Unit is all-welded with all seams sealed.

**UPRIGHTS:** Constructed of 2" square tube, .100" wall with 1/4" x 2" strap hoops welded to the uprights to form the arms.

**BASE:** Uses 1-1/2" x 2-3/4" x .070" tube welded in "I" shape to make rack easier to maneuver. Uprights are heavily gusseted to base.

**HOOKS:** Adjustable along rack arms. Made of 1/4" diameter, 304 stainless steel.

**CASTERS:** Four 5" platform type swivel casters (#C450) with non-marking wheels.

2011 List Price = \$816.00
